Sanitary mesures to overcome Covid-19

- 1) On arrival at the campsite, only one person per family is allowed to go to the reception to make the check-in arrangements (exception made for a single person with young children). During your stay, please limit your visits to the reception to the essentials. We are also available by phone for any information.
- 2) For stays in camping pitches you have the possibility to pay your balance before your arrival in order to limit the contacts at the reception (contact us by phone).
- 3) For rental stays, we have set up a dematerialized deposit system. You will receive an email 7 days before your arrival.
- 4) Access to the pool will be limited during peak hours. Barrier gestures and physical distance are to be respected throughout the aquatic area. A virucidal product is available in the pool area so that you can disinfect your deckchair. Balloons, large rubber rings and inflatable mattresses are strictly forbidden in the pool area.
- 5) At the reception desk any affected tourist brochures should be kept and not put back in the display stand.
- 6) At the grocery store, please only touch what you buy.
- 7) The rented bed linen kits will be placed in a closed bag on the table of your rental unit with a bag. When you leave, please put everything back in the bag so that our team doesn't have to touch it. The mattress cover, pillows and blankets are disinfected between each client with a virucidal product.
However, if you wish to bring your own blankets, please let us know at least 48 hours before your arrival.
- 8) The loan of ping-pong/badminton rackets, volleyball/football/homeball or petanque balls will not be possible this year. Remember to bring your own.

Barrier gestures and physical distancing measures must be respected at the campsite. Hydroalcoholic gel is at your disposal at the reception, at the swimming pool, at the pizzeria, at the grocery store and at the games.
